- ✓ Experience with & knowledge of safe use of basic power tools
- ✓ Experience with basic web design via Wix
- ✓ Washington State Drivers License
- ✓ Friendly and approachable
- ✓ Strong problem solver
- ✓ Adaptable

---

## VOLUNTEERING & SERVICE

### Pike Market Food Bank

Intern & Volunteer | January 2023- Present

- Worked as an intern 8-3:30 for 3 weeks in January; have returned since.
- Worked in the warehouse packing no-cook meals, loading weekly groceries bags, doing inventory, managing deliveries, and organizing stock.
- Routinely executed "bagel run": collected food donations for the food bank from shops around the market.
- Packed and hand delivered groceries to less mobile clients in the area.
- Proposed installing an eco-conscious method for reducing plastic waste that converts clean plastic into decking material.

### Refugee Women's Alliance, Cotopaxi, The Bush School

Volunteer for Immigration related organizations | October 2019- May 2022

- Participated in a 3-week intensive course focused on understanding immigration policy in America, delving in to many of the issues immigrants face, and listening to their personal stories. For my final project, I created a website for our school, recording and compiling interviews with immigrant staff members.
  - Volunteered with Refugee Women's Alliance in Winter of 2019-2020: visited Maple Elementary School weekly and assisted the kids in the ReWA program with after school work, including math and English; helped translate directions for Spanish-speaking kids; offered advice for middle school to the 5th graders.
  - Packed welcome kits and wrote notes for families at the Mexico border to ease the transition to America and to ensure that basic needs were met.
-

---

## WORK EXPERIENCE

### Self- Employed

Babysitter | October 2021- Present

- Worked for upwards of 10 families, babysitting 2-10 year olds.
- Have managed the usual qualms of babysitting: from diaper changes to tantrums to vomit cleanup and pet care.
- On one occasion, successfully rangled a group of 17 kids at a park for 3 hours while their parents played ultimate frisbee.
- Have problem-solved unfortunate predicaments of being locked out of the house, bonked heads, and separation-anxiety riddled toddlers.

### Landscaping Entrepreneur

Landscaper & yard worker | Spring 2022- Fall 2022

- Created my own landscaping business and built a website for it: marleyzrosen.com
- Lawnmowing, leaf raking, hedge trimming, weeding, planting, transplanting, disease diagnosing, and plant identification
- Have experience using tools such as lawnmowers, weed whackers, and power washers
- June- October 2022: Single-handidly restored an overgrown weed ridden nightmare to its previous Japanese paradise, pagoda and all

---

## EDUCATION

### Class of 2024 | The Bush School

#### Curricular Activities

- Leader of Blazing Neurons Club (affinity group for neurodiverse students)
  - hosted hour-long panel of specialists in neurodiversity for the entire high school
- Tennis

  - JV Captain spring 2022 & 2023
  - Varsity team spring 2024
- Jewish Affinity Club Member
- Student Senate Member September 2020- June 2023
- Leader of Yarn Club

**3.93 GPA** as of Fall 2023

---

## INTERESTS & ACTIVITIES

I have many interests and activities that occupy my free time. I used to be a full-time athlete involved in club and travel team lacrosse (2018-2020) and competitive climbing (2016-2020), but have since explored athletics in a more casual and recreational manner. I climb, play tennis, ski, snowboard, lift, and windsurf when my heart calls me to, in approximately that order of frequency and depending on the season. I spice up my routine by exploring the parks, cafés, farmers markets, thrift stores, libraries, and boutiques of Seattle. At home, you'll find me caring for my dog, two guinea pigs, vibrant fish tank, vermiculture compost bin, and the jungle of plants that adorn my bedroom, almost certainly while listening to a historical fiction audiobook or educational podcast. Of course, being a teenager, I lounge around plenty, but I like to keep my hands busy with whatever crochet project I'm working on.
